Rashtreeya Sikshana Samithi Trust

RSST

From one institution to many, from city-wide impact to national reach, the journey continues—unfolding upward, outward and onward.

Extending its vision of holistic and future-ready education, RV University is establishing a new state-of-the-art, 20 lakhs sqft campus at Nanjangud, Mysuru. The campus will bring together academic excellence, world-class infrastructure, and a serene environment that fosters growth and discovery.

Spread across 42-acres along the banks of the Kabini River, the Mysuru campus blends tradition with modernity. It will open with four foundational schools, namely, the School of Management, the School of Engineering, the School of Pure & Applied Sciences and the School of Psychology & Behavioural Sciences, offering interdisciplinary programmes, cutting-edge research opportunities, and international collaborations aligned with global benchmarks and India's National Education Policy (NEP) 2020.

At RVU Mysuru, education extends beyond classrooms. Students are encouraged to nurture curiosity, explore their passions, and gain hands-on experience, while developing the integrity and responsibility needed to make a meaningful impact on society.
